THE GRAIN MARKETSPrices Higher—Wheat—Northwestern
Wheat—Soys—Foreign-Crop Reserves
Consolidated in Some Cases—New
Western Wheat Movement IncreasingWheat advanced. Only wheat in the
market, except corn, seems to have
been sold, and some sales of flours and
flour products were in the foreign market.Wheat movement in the foreign market
is increasing, and there is a
possibility of some sales being
made in the near future.Corn prices are higher, and there is
some movement of some corn, but
the market is still rather quiet.Flour and flour products are
moving, and there is a
possibility of some sales being
made in the near future.Soybean oil and flour products are
moving, and there is a
possibility of some sales being
made in the near future.Soybeans are moving, and there is a
possibility of some sales being
made in the near future.Soybean oil and flour products are
moving, and there is a
possibility of some sales being
made in the near future.Soybeans are moving, and there is a
possibility of some sales being
made in the near future.Soybean oil and flour products are
moving, and there is a
